Notes

The unused ballot papers at each polling station should be checked at verification stage against the ballot paper allocation. Before the 'ballot paper account' figure is added, ensure that each ballot paper account is ticked to confirm this has been completed.

If the counted ballot paper total is significantly different to the ballot paper account also consider: -

- Checking any other ballot box that was at the same polling place
- Checking the ballot paper account
- Re-checking the unused ballot papers
- Contacting the Presiding Officer
